CHARITHA SRI AREPALLI

Vijayawada, Andhra Pradesh | 7674010516 | Charithasriarepalli2002@gmail.com | linkedin.com/in/charitha-sri-arepalli-75b267301

PROFESSIONAL SUMMARY

Results-driven Software Developer with 1 year of hands-on experience building and deploying software applications using Java and Python. Strong foundation in Computer Science Engineering with expertise in programming, data structures, and software development. Passionate about Artificial Intelligence, Machine Learning, and Data Science. Proven ability to collaborate effectively in team environments and deliver scalable, high-quality code.

PROFESSIONAL EXPERIENCE

Software Developer | Manyam Consultant Pvt Ltd Corporation, Hyderabad, IN

March 2025 – March 2026 (1 Year)

- Developed and maintained software applications using Java and Python, delivering client-ready solutions on schedule.
- Collaborated with cross-functional teams to troubleshoot, debug, and resolve complex coding issues, reducing bug resolution time by 30%.
- Participated in daily Agile stand-up meetings to report on project progress, flag blockers, and align on sprint goals.
- Wrote clean, scalable, and well-documented code following software development best practices.
- Contributed to testing and quality assurance processes to ensure application reliability and performance.

TECHNICAL SKILLS

Languages: Java, Python, C, C++, JavaScript | **Web Technologies:** HTML, CSS, React Native | **Database:** SQL | **Tools:** Firebase, Git

AI/ML: Machine Learning, Computer Vision, Deep Learning | **Soft Skills:** Problem-Solving, Critical Thinking, Teamwork, Time Management, Continuous Learning

PROJECTS

Driver Drowsiness Detection System | *Python, Machine Learning, Computer Vision*

- Built a real-time drowsiness detection system using computer vision and ML to monitor driver alertness and enhance road safety.
- Implemented facial feature analysis (eye closure, yawning, head position) using deep learning models on live video feed.
- Integrated multi-modal alert system (sound, vibration, visual warnings) to notify drivers upon drowsiness detection.
- Applicable to commercial vehicles and fleet management to significantly reduce fatigue-related accidents.

EDUCATION

Bachelor of Technology – Computer Science & Engineering — Vijaya Institute of Technology for Women, Vijayawada | 2025 | GPA: 7.82

Intermediate – Mathematics, Physics & Chemistry — Sri Chaitanya Junior College, Vijayawada | 2021 | GPA: 9.5

Secondary School Certificate (S.S.C) — Vignan Bharat High School, Vijayawada | 2019 | GPA: 9.5

CERTIFICATIONS

Python Foundation Certification – Infosys Springboard (2024) | **Programming in Java** – NPTEL (2023) | **Python Programming** – Pantech E-Learning (2023)

Cloud Virtual Internship – AWS Academy (2024) | **Zero Trust Cloud Security Virtual Internship** – Zscaler (2024)
